ABOUT

Design and code, *one person.*

UI/UX designer, graphic designer and full-stack web developer with five years of experience. I build internal applications that cut manual work, design brands and social content, and customize client websites — so the design, the visuals and the code come from the same hands.

EXPERIENCE

JAN 2024 – NOV 2026

IT Specialist

Lear Corporation · Engineering Branch

- Designed and launched **POD** v1 (PPAP Operations Database) alone in Q1 2025.
- Designed and built **AMS**, a department asset management system.
- Integrated new updates into **ISC** (IMDS Solutions Central).
- App logos (Adobe, Canva); wireframes and prototypes in Figma.

SEPT 2021 – JAN 2024

Web Modification Specialist

Newfold Digital

- Customized business, community and lifestyle sites in WordPress, Siteplus and Hermes CMS.
- Pioneer team for the company's first web designs.
- Social posts, stories and ads; Go High Level funnels.
- Top Performer — January and October 2023.

MAY – AUG 2019

On-the-Job Training

Lear Corporation

- Pioneer developer, Global Flammability website (reports, import/export).
- ISC wireframes, prototypes and authentication module.

2015 – 2020

BS Information Technology

University of Cebu Lapu-Lapu and Mandaue

SKILLS

UI/UX

User research & usability testing, wireframing & prototyping, information architecture, responsive & accessible design, design systems

Graphic

Brand identity, logo design, visual & interaction design, social media & ads

Web Dev

WordPress builds, HTML/CSS/JS, C# .NET Core & ASP.NET web apps, process automation

TOOLS

Figma · Photoshop · Illustrator · Canva · WordPress · Elementor · Bricks · Go High Level · Meta Ads · Google Ads · HTML/CSS/JS · C# .NET Core · ASP.NET · Microsoft automation

CERTIFICATIONS & RECOGNITION

- Figma Speaker — Lear Asia Learning Week 2024
- Meta Social Media Marketing Professional
- Design for Six Sigma
- Continuous Improvement Process Contributor
- GDG: Build with AI 2025 · DevFest Cebu 2025
- Foundry Ontology · Datasets · Workshop Module
- GoHighLevel Workshop · Basic Automotive

INDEX

10 projects, *three skills.*

#	PROJECT	WHAT I DID	SKILLS	PAGE
01	Cruz & Garcia Brand Identity	A friendly identity for a multi-specialty dental clinic, built around a single smile. Brand & social design · Adobe Illustrator, Photoshop, Canva		p.4
02	The Hive at Gateway Website & Mobile	A dark, honey-gold website for Kenosha's coworking space — desktop and mobile. Web design & build · WordPress, Responsive design		p.5
03	C&O Sportswear E-commerce Website	An online store for a custom printing and sportswear shop, in maroon and gold. Web design & customization · WordPress, WooCommerce		p.6
04	Cromark Corporate Website	A clean corporate site with a strong red header, built in WordPress with Bricks. Web design & build · WordPress, Bricks Builder		p.6
05	POD — PPAP Operations Database Internal Web App	Designed and shipped v1 alone in Q1 2025 to replace manual PPAP tracking. Sole designer & developer · ASP.NET, C# .NET Core, Figma		p.7
06	AMS — Asset Management System Internal Web App	A department tool for tracking equipment and handling user requests. Designer & developer · C# .NET Core, Figma		p.7
07	ISC — IMDS Solutions Central Internal Web App	Speeds up IMDS tasks and requests. Started in my internship, still growing. Wireframes, prototype & development · Figma, ASP.NET		p.7
08	Logo Marks Logo Design	Marks for internal applications and small brands — simple shapes that still read small. Logo design · Adobe Illustrator, Canva		p.8
09	Posters & Social Graphic Design	Event posters, itineraries and infographics — made to be read in a few seconds. Graphic design · Canva, Photoshop, Meta Ads		p.8
10	Mobile Concepts Mobile UI	Phone-first layouts for a photographer, a fashion lookbook and a dental academy. UI design · Figma		p.9

BRAND IDENTITY

Cruz & Garcia

A friendly identity for a multi-specialty dental clinic, built around a single smile.

ROLE

Brand & social design

DISCIPLINE

Graphic · UI/UX

TOOLS

Adobe Illustrator, Photoshop, Canva

01

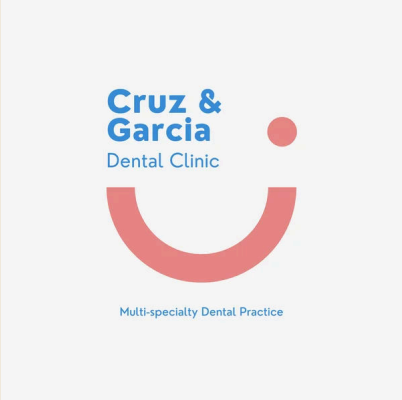

Logo mark and wordmark with a coral and sky-blue palette

02

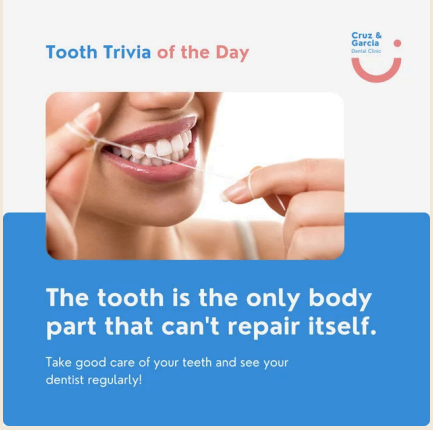

Social media templates: tips, trivia and booking prompts

03

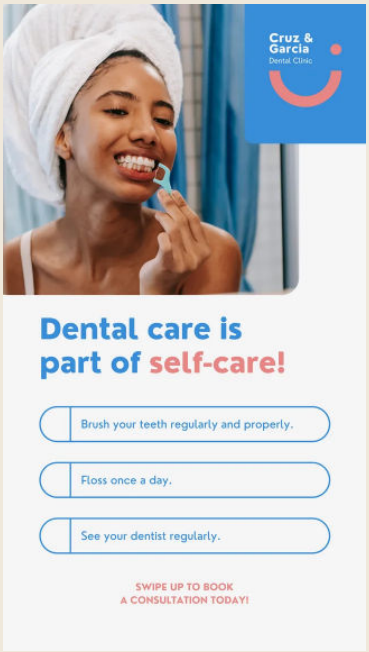

Banner set for campaigns such as “The Tooth Matters”

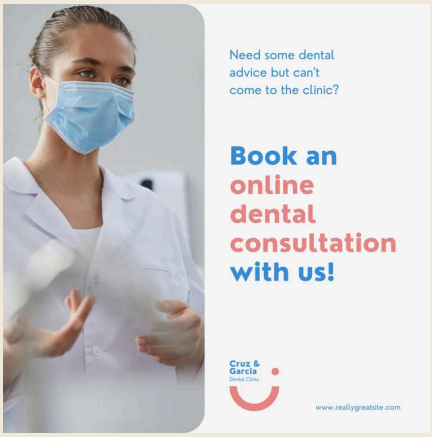

LOGO

SOCIAL POST

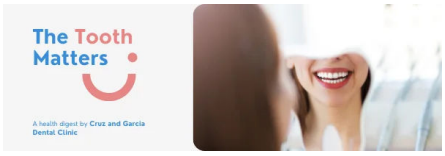

SOCIAL POST

SOCIAL STORY

CAMPAIGN BANNER

WEBSITE & MOBILE

The Hive at Gateway

A dark, honey-gold website for Kenosha's coworking space — desktop and mobile.

ROLE

Web design & build

DISCIPLINE

UI/UX · Web Dev

TOOLS

WordPress, Responsive design

01

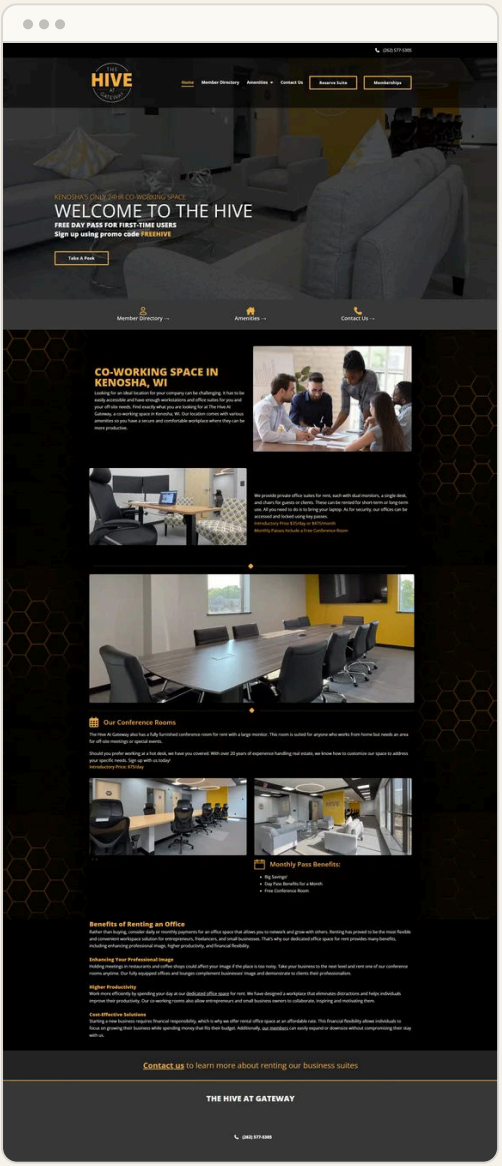

Home, member directory and contact pages

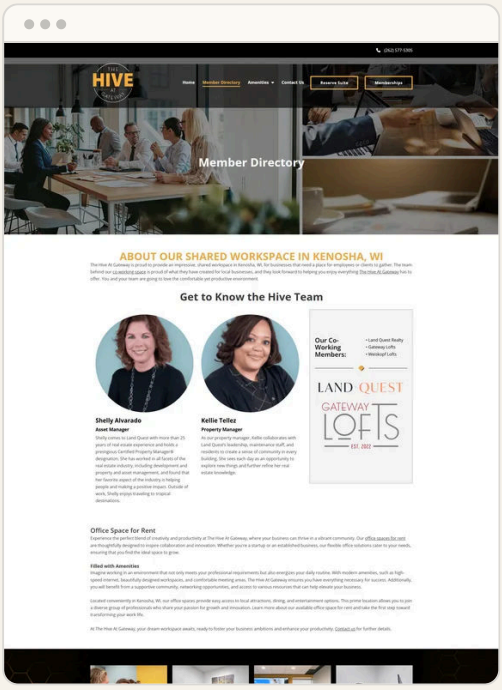

02

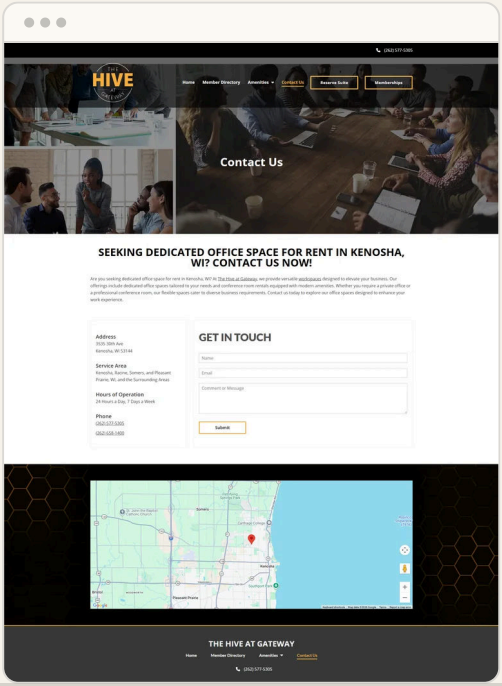

Mobile layout with the main calls to action at the top

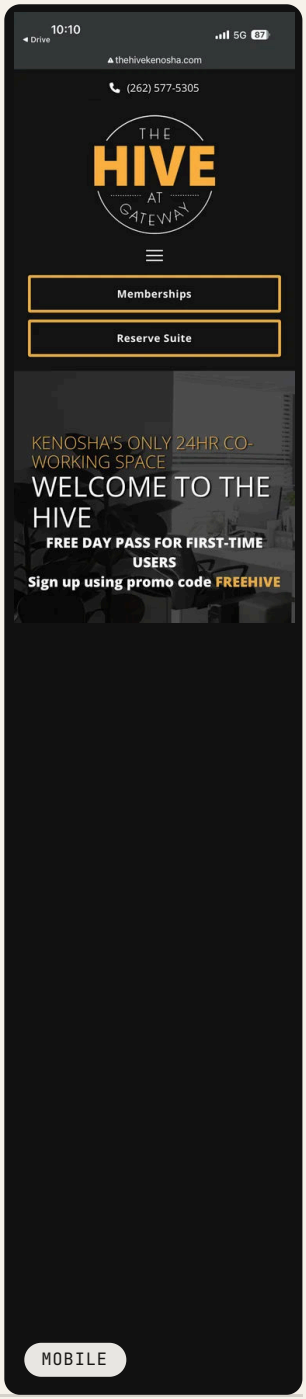

03

Map and inquiry form for office space

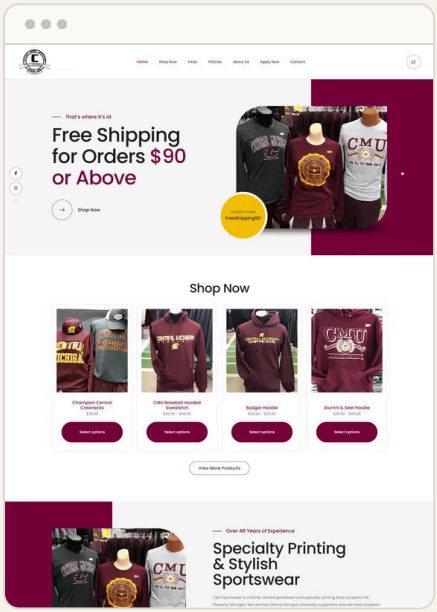

CLIENT WEBSITES · WORDPRESS

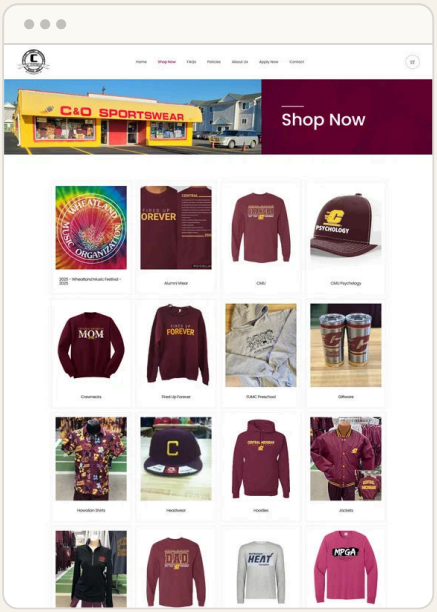

Sites that *sell.*

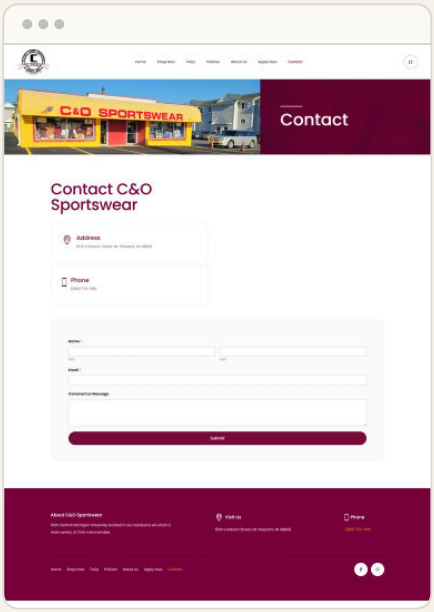

C&O Sportswear

E-COMMERCE WEBSITE · WORDPRESS, WOOCOMMERCE

An online store for a custom printing and sportswear shop, in maroon and gold. Home, shop and contact pages. Product grid that works on phones. Brand colors pulled from the storefront.

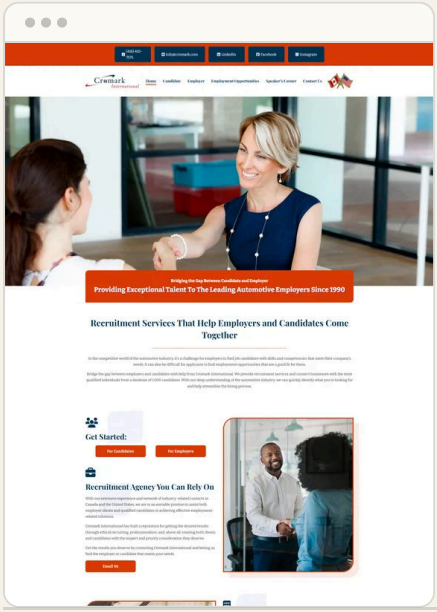

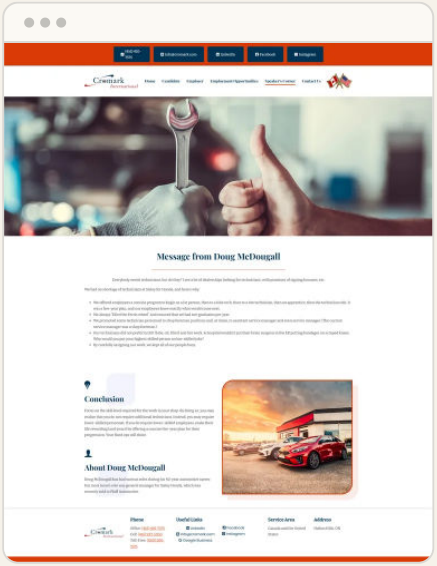

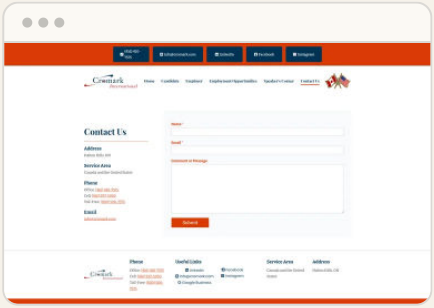

Cromark

CORPORATE WEBSITE · WORDPRESS, BRICKS BUILDER

A clean corporate site with a strong red header, built in WordPress with Bricks. Home, about and contact pages. Reusable Bricks components for easy editing.

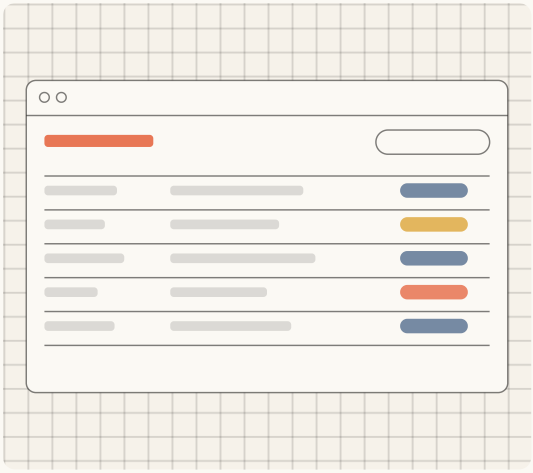

LEAR CORPORATION · SCREENS UNDER NDA, SHOWN AS WIREFRAMES

Tools that *remove* manual work.

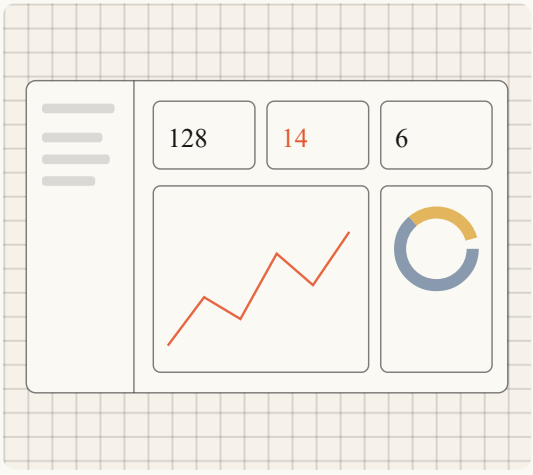

INTERNAL WEB APP · SOLE DESIGNER & DEVELOPER

POD — PPAP Operations Database

PPAP (Production Part Approval Process) work at Lear was tracked by hand. POD puts every submission, status and owner in one database.

- Wireframes and prototype in Figma, then built in ASP.NET
- Shipped v1 in Q1 2025 as a one-person project

ASP.NET | C# .NET Core | Figma

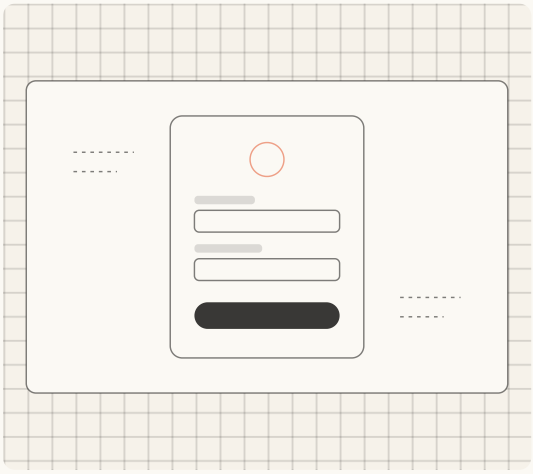

INTERNAL WEB APP · DESIGNER & DEVELOPER

AMS — Asset Management System

Started as a continuous-improvement project: the department needed one place to see what equipment exists, who has it, and what people are requesting.

- Asset list, assignment history and request queue
- Delivered within company IT policy restrictions

C# .NET Core | Figma

INTERNAL WEB APP · WIREFRAMES, PROTOTYPE & DEVELOPMENT

ISC — IMDS Solutions Central

ISC began during my on-the-job training at Lear in 2019, where I made the wireframes and prototypes and helped build the login module.

- Wireframes, prototype and authentication module (2019)
- New features and integration (2024–2026)

Figma | ASP.NET

GRAPHIC DESIGN

Posters & Social

Event posters, itineraries and infographics — made to be read in a few seconds.

ROLE
Graphic design

DISCIPLINE
Graphic

TOOLS
Canva, Photoshop, Meta Ads

01
Event poster for a team-building night

EVENT POSTER

02
Travel itinerary layout

ITINERARY

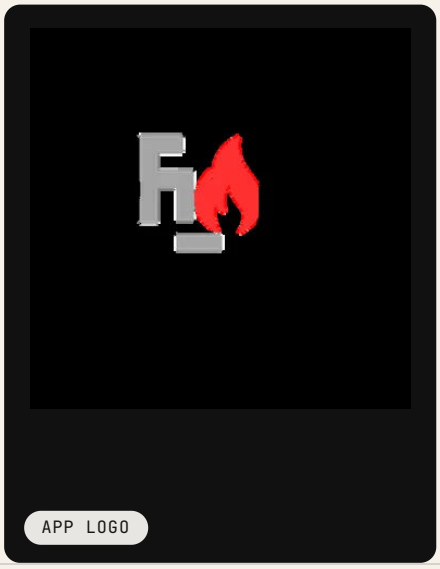

03
Infographic on strong work ethics

INFOGRAPHIC

APP LOGO

APP LOGO

LOGO MARKS

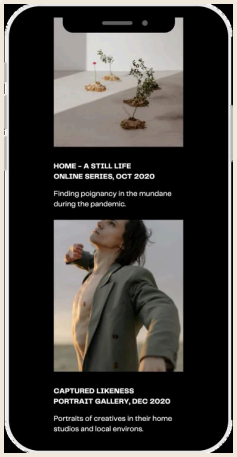

Marks for internal applications and small brands — simple shapes that still read small.

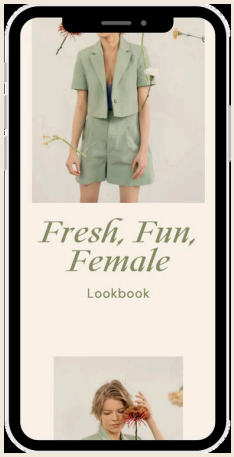

MOBILE UI · FIGMA

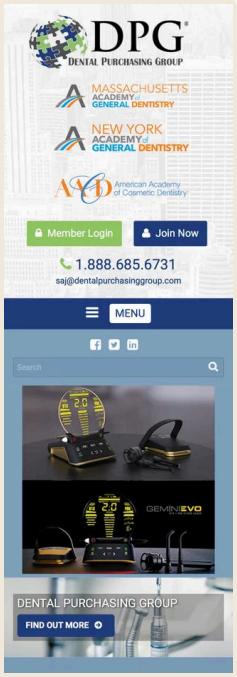

Mobile Concepts

Phone-first layouts for a photographer, a fashion lookbook and a dental academy.

- Editorial photography portfolio
- “Fresh, Fun, Female” lookbook
- Dental academy mobile site

NEXT STEP

Let’s make something *clear.*
